The brand new building, 4,500 square meters on two floors, is the result of a complete Italian team work. Wellness Today – Happy Sauna Group turned to Studio D73 Architects Marco Vismara & Andrea Viganò for the project. Studio D73 deals with international project and design and, in addition to the Italian office, has a headquarter also in Moscow – to follow directly the Russian market – and Tbilisi, Tunis, Dubai and Switzerland. State-of-the-art design project solutions by Studio D73 are Spa and Wellness centers, hotels and private villas. Studio D73 paid a very special attention to Golden Mile project because every detail and furniture were thought, designed and realized to be unique. The final result confirms it.

There is no doubt Golden Mile is the most elegant and exclusive place in Moscow city center, where you can take your time to relax.
